Union Gas Limited is an integrated natural gas storage, transmission and distribution company serving 1.3 million residential, commercial and industrial customers in more than 400 communities in northern, southwestern and eastern Ontario. As Canada's largest natural gas storage company, Union owns and operates over 150 Bcf of underground storage and provides storage and transportation services to other utilities and energy market participants in Ontario, Quebec and the United States. Union Gas is a Spectra Energy Company. Currently, we have outstanding career opportunities for:

WELDER MAINTENANCE WORKERS

- **CORNWALL – FILE #E2008-06**
- **COBOURG – FILE #E2008-07**

We have two openings in our District Operations to perform welding duties on natural gas pipelines under pressure in order to attach new customers and install new gas mains. You'll also fabricate stations of various sizes, repair damages and build meter stations. To qualify, we require that you meet the Company and Government License Requirements in down-hand manual shielded metal arc welding 3/4" to 12" diameter pipe and up-hand manual shielded metal arc welding, low hydrogen process for 1" to 12" diameter pipe.

We also require a Grade 12 education plus prior experience in pipeline maintenance and construction. You must have the ability to obtain a Class D driver's license and read blueprints, and a willingness to work overtime and travel out of town as needed. A valid Pipeline Inspector's Certificate (or ability to obtain) is required. As a member of our team, you will earn a competitive salary (\$27.27 to \$29.15 per hour), full benefits and the opportunity to grow your career with an industry leader.

Union Gas is an equal opportunity employer where individual achievement is encouraged and the strength of a diverse workforce is recognized.
