

# Resume

I am a welder/metal worker with about two years experience in shop environments. Currently seeking employment in Ottawa or surrounding area. I have training in most common welding processes, most experienced with GMAW (MIG), GTAW (TIG) and fluxcore/metalcore GMAW. I know how to read welding blueprints, I am computer literate, and I know the basics of hydraulics and electricity. I can also run a variety of machines including abrasive saws, steel cutting cold saws, punches, iron workers and press breaks. Also many hand tools. Anything I don't know how to operate I am eager to learn.

## Personal Information

Christopher Hinton  
11997 Marionville RD, Embrun Ont.  
KOA 1W0  
Phone: (613) 987-2863  
Cell: (613) 697-8249
