

INDIVIDUAL MEMBERSHIP

INDIVIDUAL MEMBERSHIP

CWA is your forum for the advancement of the welding profession and industry in Canada.

CWA'S MISSION

To provide a Canadian forum in which welding professionals, their employers, fabricators, manufacturers, distributors, and educators are all able to exchange information, share knowledge resources and work with government and regulatory agencies as well as each other to advance the welding profession, its products and practices.

ABOUT THE ASSOCIATION

CWA leads the industry in delivering to its members – welders, students, educators, technicians, inspectors, engineers, managers and owners – the latest information on welding practices, technology, education and research.

The association provides members from across the Canadian welding community with opportunities to improve and share their knowledge of welding, network with fellow welding professionals and advance their careers.

Through CWA membership, all members can connect with their peers, influence the manner in which they communicate and work,

and educate themselves, their fellows and future welding professionals, as well as improve productivity, profitability, safety and environmental responsibility in their operations.

This is the forum in which members can freely communicate with potential employers and employees, customers and competitors, and the suppliers, manufacturers and designers of the equipment they use.

BENEFITS OF MEMBERSHIP

- Subscription to our *Canadian Welding Association Journal*
- Access to technical information
- Access to articles published by the International Institute of Welding (IIW) through the Canadian Council of the IIW
- Access to CWB Learning Centre educational modules at discounted rates
- Networking with fellow members
- A national viewpoint on welding issues
- Reduction in fees paid at chapter technical meetings, seminars and conferences
- Participation in national events, committees and initiatives through the national association
