

110 Volt Welding Seminar

The Nova Scotia Chapter kicked off its year with a seminar to was geared towards the hobbyist and people with their own small shops at their homes.

Presenters Gerard Pickett (Air Liquide) and Vaughn Osborne (Lincoln Electric) presented to the group the capabilities of possibilities of these small 110 volt machines.

The group had the opportunity to go to the shop to try some of these machines out first hand.

All of the participants had the opportunity to try their hand with the machines
