

EVERETT INDUSTRIES, INC., CELEBRATES 40 YEARS OF MANUFACTURING ABRASIVE CUT-OFF WHEELS

Warren, Ohio -- January 4, 2008 -- Everett Industries, Inc. of 3601 Larchmont Avenue, celebrates 40 years of manufacturing abrasive cut-off wheels. The company was founded in 1962 by Chuck Everett, Bill Everett's father, and employs twenty-eight people.

Everett Industries, Inc. is operated today by Bill Everett, President, Roy Williams, Vice President and sales are directed by Michael Healey, National Sales Manager. They produce world class, high quality abrasive cut-off machines and wheels sold worldwide to any industry who needs to cut metal or non-ferrous material. Their 37,000 sq. ft. manufacturing facility houses both a modern machine shop and abrasive wheel plant. Their abrasive cut-off machines perform the best, last the longest and provide the best quality and value on the market today.

A complete product line of saws are available to those who have a cut-off application ranging from 8" to a 26". Most machines are available with manual or pneumatic clamping, hydraulic power down feed wet cutting for metallurgical cutting applications and dust collection is available for all dry cutting saws. Additional machines include wire rope cut-offs and 16" & 20" single and double mitering cut-off saws.

To purchase or inquire about a cut-off machine or wheel, call Bill Everett at 800-637-7297, email info@everettindustries.com or view us at www.everettindustries.com to download a company catalog.
