**LINCOLN ELECTRIC INTRODUCES NEW REPLACEMENT WELDING
CONSUMABLES FOR TREGASKISS® GUNS**

Replacement Parts for Tregaskiss Guns Now Available with Lincoln Electric Standards

Cleveland – The Lincoln Electric Company introduces a new line of replacement welding consumables compatible with Tregaskiss® guns while delivering the quality and dependability for which Lincoln Electric is known.

The new Lincoln Electric line features 59 different parts - including the most popular sizes and styles of contact tips, nozzles, diffusers and goosenecks. Everything you need for the front end of your Tregaskiss gun is now available through Lincoln Electric and completely interchangeable with Tregaskiss parts.

These consumables are ideal for owners of Tregaskiss guns looking for dependable replacement consumables with Lincoln Electric standards.

This product is available at local welding distributors. Call (888) 355-3213 or visit www.lincolnelectric.com to obtain Bulletin MC08-24 to learn more about replacement consumables for Tregaskiss guns.

The Lincoln Electric Company, headquartered in Cleveland, Ohio, is the world leader in the design, development and manufacture of arc welding products, robotic arc-welding systems, plasma and oxyfuel cutting equipment and has a leading global position in the brazing and soldering alloys market.
